RE: Educational Activity at Field Day operations

The Milwaukee Radio Amateurs' Club operated from the old Cedarburg Train Depot located on the grounds of the Ozaukee County Historical Society's Pioneer Village under the call sign W9RH.

The picture below shows the educational activity session held during MRAC's field day operations. The session was presented by the MRAC FD Captain, Mark Tellier AB9CD. The session showed how to put a crimp/solder type connector on coax cable. The cable used in the session was then used during field day operations.

Mark Tellier
